

# Little Treasures Newsletter

## July 2009

### HMIe Inspection

As you will be aware we received our HMIe Inspection last month, and we are delighted to inform you that the inspection went extremely well. We expect the report to be published next month and all details of the report will be shared at a launch party to be held in August. The date for the launch has still to be confirmed; however we will inform you of all information in relation to this as soon as it becomes available.

### In-Service Training

This is a small reminder that the Nursery will be closed on Friday 17<sup>th</sup> July 09 for essential team training, with regards to the Curriculum for Excellence.

Please note there will be no charge for this day.

### Fees

Please note that from Monday 27<sup>th</sup> July 09 there will be a small increase in your child's nursery fees. A full time place will now cost £140.00, and a full day will be charged at £34.00.

### Clothing

Could all parents please provide a bag containing at least two changes of clothes for your child, which can be left on their individual peg. As you will appreciate accidents do happen and if your child does not have a suitable change of clothes then this may result in the Nursery having to contact yourselves to provide some.

### Courses

Jackie and Maryanne will be attending 'Nature Kindergarten', an outdoor Nursery in Perth this month to further develop their knowledge and share ideas of good practise.

### Parent Volunteers

As part of our Journey to Excellence we are actively working towards becoming both a Gold Health Promoting and Eco Nursery, therefore we are looking for your help in doing so. If you would like to volunteer to be part of our committee for these areas please speak to a member of staff who will be more than happy to provide you with further details.

### Policy

We have included a copy of the Nurseries Sun Awareness Policy for you to read over, any suggestions or comments are welcomed. In relation to this policy, if you have not already done so could you please provide a bottle of sunscreen (SPF25+) for your child, which will be kept at Nursery for individual use.
