

# Little Treasures

## July Newsletter 2010

### Healthy Recipe

Please find attached a copy of a healthy recipe for you and your child to make and enjoy.

### Policy

We have included a copy of our Litter Policy for you to read over. We welcome any comments or suggestions you may have.

### Fees

Could all parents please be aware that all fees should be paid on the first day your child is in each week.

### Pillow Case

If your child doesn't have one already could you please provide one to collect completed art work. Please note work in pillowcases will be recycled weekly therefore we ask all parents to ensure they collect all artwork on their child's last day

### Parent Involvement

Could all parents please complete a questionnaire on your views of the nursery. Questionnaires will be on reception for parents to take. This will be much appreciated as it allows us to evaluate the service we provide you and your child.

### GLOW

Staff have now been given accounts to access GLOW which is an online site managed by Learning Teaching Scotland. Glow provides opportunities for education staff in Scotland to share practice, communicate with each other and collaborate on work. Glow gives staff access to high quality resources with material built specifically for the Scottish curriculum and has online resources which can enhance the learning experiences of children. Staff look forward to exploring this new resource and its benefits.

### Soft Shoes

Could all parents please ensure that your child has soft shoes in the nursery. This would be much appreciated.

### Wish Bags

Could all parents of Maryanne's group please ensure that all wish bags are handed back to nursery and that they are kept for one week only.

### Vegetables

The children have been working hard this year to plant seeds and grow a variety of vegetables which will soon be harvested by them. The nursery will be holding a tasting day for all parents to come and sample the delicious vegetables the children have grown. The date and time for this will be put on the parent's notice board this month.

### Health Promoting/Eco School

The nursery will be forming a new Health Promoting/Eco committee which will consist of parents, children and staff. If you would be interested in participating in the committee we would hold 3 meetings a year and try to have these at times which would be suitable. Please speak to Maryanne or Christina if you are interested in being part of our committee.
