

As you may be aware there have been cases of E. coli at a nursery in North Lanarkshire. We would like to reassure parents that all nursery policies are followed and that we are reinforcing the importance of hygiene with the children. We would appreciate your support in this matter by continuing to teach the importance of hygiene with the children when they are at home.

If you have any concerns or would like information on E. coli then please refer to the Health Protection Agency website which can be found at www.hpa.org.uk
