

Could all parents please be aware that the government funding for all pre-school and ante pre-school children will stop on Friday 8th October for one week and recommence on Monday 18th October.

The nursery will be celebrating 'Global Handwashing Day' on 15th October. We use the 'Handy Andy Schools and Nurseries' pack in educating the children on the importance of good hygiene. This is an excellent resource which the children love and know well. It can be downloaded from:
