

## Parent's Notice

We are writing to let you know of a new project we are starting within the Nursery. As you will be aware the children have the freedom to choose a variety of resources to create individual pieces of artwork. The children will be encouraged to create such pieces and at the end of each week staff will select a piece which will be displayed on the wall within the art area.

The artwork will be changed on a weekly basis to ensure all children have the opportunity to display their art pieces should they wish to do so.

Each piece can be viewed either down in the art area or on the digital photo frame on reception.

We are looking for your support in this project and would ask if you have any feedback regarding the artwork to note it down on the post-its provided and place it next to the artwork displayed within the art area entitled 'Art Work of the Week'. By doing so you will help support and encourage the children's self-worth and confidence. Any comments you make will be placed on the back of the artwork and filed in the children's learning stories.

Once again we look forward to your continued support with this exciting project.
