Inspection Report

The Care Commission recently carried out a low intensity inspection, where they only inspect us in two standards; this is due to the fact that they were satisfied our service worked hard to provide consistently high standards of care. We received an 'Excellent' for one of the standards and the report states that "The children are well looked after by a caring and thoughtful staff team. Staff know children well and respond sensitively to help them when they need support. Staff provide them with additional interesting activities to help them progress with their learning". The full report can be found at www.carecommission.com. Karen and staff are delighted with the report and would like to thank all the parents for their continued support for the nursery.
