

Parental Consultation

We will soon be taking the children to the forest to allow them to explore and gain new knowledge which will positively influence their health and wellbeing. As part of our self-evaluation process we would like to ask all parents their opinion on this topic. We would appreciate it if parents could either write a note or e-mail the nursery telling us your thoughts/ideas on the children going to the forest and what you would like the children to get out of it. This will greatly help us in improving the service we provide.

Clothing

Could all parents please provide at least two full changes of clothes for their child, which can be stored on their pegs, as you can appreciate that accidents do occur, and your child may require to be changed. However if we do not have adequate clothing then we may have to contact you as a result.

Forest School

The nursery is making good progress in our effort to take the children to the forest. Linsey and Jackie attended a conference held by the Forestry Commission which was extremely successful and we hope to start the trips by the end of March.

Juice

As the nursery provides all children with milk and water on a daily basis we would ask that parents therefore do not send juice in their lunchboxes. This would be appreciated.
