

Library

The nursery will be continuing to participate in North Lanarkshire Councils library scheme. Books are loaned to the nursery once a term to ensure the children are provided with a wide variety of books and topics throughout the year that will promote and encourage their literacy skills and support the children's continuing development.

Clothing

Could all parents please provide at least two full changes of clothes for their child, which can be stored on their pegs, as you can appreciate that accidents do occur, and your child may require to be changed. However if we do not have adequate clothing then we may have to contact you as a result.

Cycling

Maryanne will be continuing cycling proficiency lessons with the children which will allow her to teach the children how to safely cycle a bike. Over and above learning how to safely go their bikes the children will also learn about the maintenance of a bike. Parents will be informed when it is their child's turn to participate.

Eco

The new Eco committee has been formed and pictures of this terms children can be found on the eco board. The topics we will be focusing on are Water, Litter and Food and the Environment. Any meeting dates and eco information will be e-mailed to parents.

Forest

Trips to the local forest will be commencing again soon. Staff will take children to the forest in eight week blocks to challenge and develop the children's learning. All children will be given an opportunity to participate and parents will be informed when your child's block begins. Linsey and Jackie are meeting with Karen Boyd from the Forestry Commission to discuss the forest trips and the progression of children's learning.
