

Children's Absence

Could all parents ensure that they contact the nursery if their child will be absent as the nursery is required to monitor and record absences as part of our Child Protection Policy.

Courses

Staff will be attending a number of courses over the next month which will greatly benefit the children.

Healthy Recipe

Please find attached a copy of a healthy recipe for you and your child to make and enjoy.

Policy

Paper copies of the monthly policy can be found on reception for parents to pick up. We would welcome any comments or suggestions you may have regarding these policies. Please feel free to speak to a member of staff if you have any comments.

Learning Stories

Your child will be receiving their Learning Story home in January. If you would like to add any achievements your child has made outwith nursery it would be greatly appreciated as this gives your child the opportunity to share such experiences with their friends. It also gives you a chance to speak with your child regarding experiences they have been involved in at nursery. Please remember however that the learning stories are a personal document which only records their achievements, all other planning and experiences your child has been involved in are recorded in their 3-5 floorbook, which you can have a look at any time.

Staff would appreciate if you could keep the learning stories no more than a week to allow them to keep up to date with filing achievements.

Each child will receive individual challenges over the coming months which will be recorded in both their learning stories and their group floorbooks. If parents have any challenges you feel you would like to set at home, (e.g.) child staying in own bed all night, please feel free to speak to your child's keyworker.
