

Science

As part of the nursery Improvement Plan we will be working with the children to create a variety of science topic boxes which will contain resources to support the children's learning and development in this area of the curriculum. We would appreciate any suggestions, ideas or resources parents could provide that would support staff in working with the children to develop our understanding of this topic and in gaining new knowledge and skills. The first topic box we will be creating will be a 'Light and Colour' box.

Christmas Cards

Please find attached a list of children who attend nursery for those who wish to send Christmas cards.

Healthy Recipe

Please find attached a copy of a healthy recipe for you and your child to make and enjoy.

Policy

Please find attached a copy of our Visits and Outings Policy. We would welcome any comments or suggestions you may have regarding this policy. Parental engagement is an important aspect of nursery life as it allows us to meet your expectations and provide the best possible care for your child. Please feel free to speak to a member of staff or complete a comments sheet, located at the shoe rack, if you have any comments or suggestions.

Government Funding

Over the last few months the nursery has participated in a lengthy and detailed tendering process with North Lanarkshire Council to secure Government funding for the children and continue to work in partnership with the council. We would like to inform all parents that we have been successful in our endeavour and have secured funding for a four year period which will begin August 2014. The tendering process will be carried out by NLC on a four year cycle.
