

Staff Changes

We would like to inform all parents that as Megan's trainee contract has now ended she will be finishing on Wednesday 24th February. Megan has a place at University to further her education and become a primary teacher. We wish her good luck and all the best in her future training and throughout life.

We would like to welcome a new member of staff to the team, Yvonne Carchrie. After consultation with parents, children and staff we decided to hire Yvonne who is a twenty-six year old mother of two children. Yvonne is a qualified Early Years Practitioner with experience in a variety of childcare establishments. We hope you will all work with us in welcoming Yvonne to the team.
