

Little Treasures Library

As a way of allowing children to develop their love of books and stories we have decided to create a Library where the children can borrow a book from nursery to use at home for a week or two then return for another.

The nursery feels this is extremely important in developing both children's early literacy skills, as well as lifelong skills.

Children start to learn language from the day they are born. As they grow and develop, their speech and language skills become increasingly more complex. They learn to understand and use language to express their ideas, thoughts, and feelings, and to communicate with others.

During early speech and language development, children learn skills that are important to the development of both their reading and writing skills.

We would be extremely grateful if you would encourage your child to use the library as we are sure you will have lots of fun sharing their favourite stories.

As always we would like to thank you for your continued support. Should you have any ideas or suggestions regarding our library please let us know by either speaking with a member or staff or filling out an online electronic feedback form, which can be accessed via our webpage – www.littletreasures.org
