

Invitation: National survey on the expansion of free early learning and childcare in Scotland

The Scottish Government plans to nearly double the hours of free early learning and childcare by 2020. To help shape these plans, it is now asking for the views of parents and carers of 0-5 year old children in a survey organised by an independent research company (Craigforth).

To thank you for your time in completing the survey, you will have the opportunity to be entered into a prize draw and have the chance to **win one of 10 x £100 cash prizes**.

Please share your views now by either:
