

Michelle

We would like to inform parents that Michelle has now finished participating in her six month work experience scheme through North Lanarkshire Council. We wish Michelle all the best in her future endeavours.

Staff

The nursery is currently trying to recruit a new apprentice practitioner. We would appreciate input from parents on the qualities you are looking for in staff members. Therefore consultation sheets are now at the lending library for parents to complete or alternatively parents can use the feedback section on our nursery website, littletreasures.org. All candidates we feel appropriate will be brought in over the coming month for trial days to allow children and parents to meet them, this also allows staff to assess their abilities with the children and their willingness to work and be part of the team.
