

Little Treasures Kindness Tree

Children are continuing to develop their understanding of 'kindness' and how it supports them to build and develop positive relationship and friendships.

Staff have been working with children to create both a kindness tree and acts of kindness display board. At present the tree holds children's stars which detail what kindness means to them. We will also be creating an act of kindness display board where we will detail children's personal acts of kindness.

However, we feel it is important to extend this learning at home as well which is why we would ask that if your child has shown kindness in some form out with nursery that you celebrate it by either marking it on one of our 'Kindness Stars', situated at the front reception area or provide us with a picture which can be added to 'Our Acts of Kindness' display. This will allow children the opportunity to share such experiences with their peers and celebrate their achievements.

Thanks once again for your co-operation, staff really appreciate it.
