

Frog Home Link Fun

Dear Parent/Carer

Over the summer the children have been continuing their learning of frogs. This is going well and will continue as part of children's planned learning experiences.

However we thought it may be a nice idea for children to create their own frogs at home which they can bring with them to nursery to share with their friends and spark discussions between the children.

Please feel free to create your frog however you and your child would like it to be, using whichever resources you like.

However if you would like an idea of a simple frog creation we have provided you with a link below which is a simple 'frog make' from the CBeebies website.

<https://www.bbc.co.uk/cbeebies/makes/cbeebies-house-frog-make>

We look forward to seeing all your creations over the next couple of weeks.

Staff would like to once again thank you for your continued support and co-operation with our home link schemes as they help to support children's learning, understanding and development.
